

# Aerial Ladder Climb

- Wearing full turnout gear, helmet, gloves, SCBA (without mask) and full body harness you will climb the aerial ladder, step onto the platform with both feet and then return to the starting position in a safe and controlled manner.
- You must touch each rung of the ladder both on the way up and return.
- A Firefighter in the platform will be belaying you with a rope attached to your harness as you perform the task.
- The task is complete when both the candidate's feet are on the turntable.
- Commands will be
  1. "Are you ready"
  2. "Go"
